LEVY IS REDUCED

A TOTAL OF 7 MILLS AS AGAINST 9 MILLS LAST YEAR.

GENERAL LEVY 1 MILL

Waterworks Receipts Expected to Make Up Difference—Reduced Levy on Paving Bonds and Interest.

At the city council meeting Friday night, the tax levy for the ensuing year was made. The levy as ordered by the council will be this year only 7 mills on the $1 assessed valuation, while last year it was 9 mills As the sewer bonds have been paid off, it reduces the tax levy 2 mills. Then the paving bond levy was reduced 1 mill. The levy is reduced, even counting in the levy on acount of the water works bond issue of $100,000.

The following is the levy:

One mill for general tax.

One mill for library purposes.

One and a half mills for water bond sinking fund.

Two and a half mills for water bond interest fund.

One-half mill for paving sinking fund.

One-half mill for paving interest fund.

The personal assessed valuation of the city is $614,274 and the real assessed valuation is $1 132,485, and adding the merchants' valuation of $100,183, make a total valuation of $1,846,942. The valuation of the railroads is $39,970, but the tax is collected by the county and the city receives their share.

The general tax levy was decreased from 4 mills to 1 mill. This was done as it is thought the receipts from the municipal water plant will make up the difference. Last year's levy included 1 mill for library purposes, 1 mill for paving sinking fund, 1 mill for paving interest fund, 1 mill for sewer interest fund, 1 mill for sewer sinking fund and 4 mills for general purposes.

As the sewer bonds have been paid off, the levy is taken off for this purpose. The paving bond issue is now only $5 500 and is not payable until 1921. In the paving sinking fund there is $1,562.79 and in the paving interest fund there is $3,926.16. After the interest is paid off, the balance in the interest fund will go to the sinking fund, making nearly enough to pay off the paving bonds. The levy on this bond issue was decreased.

The 1 mill levy for library purposes will remain the same, as that is sufficient to run the institution.

The water bond interest fund was made 2i mills and the water sinking fund 1½ mills. The interest fund was made more than the sinking fund, as the interest is to be paid each year, while the bonds are not to be taken up except each five years.

A poll tax of $2 on every ablebodied male person in the city between the ages of 21 and 50 was ordered by the council. The tax can be worked out on the streets and alleys of the city by two days labor of 8 hours each. The tax is payable to the street commisioner and will be used for road purposes.

CRAWFORD AS CITY ATTORNEY.

Martin, Anthony and Swinehart on Library Board—Other Business Transacted by the Council.

W. H. Crawford of the law firm of Sayler & Crawford, was appointed by Mayor Robey as city attorney to succeed W. E. Wiles, who has moved to Cherokee, Okla. The appointment was confirmed by the council and was made for a term up to May, 1914.

Dr. F. M. Martin, Dr. F. R. Anthony and Prof. H. P. Swinehart of the Normal were appointed on the library board by Mayor Robey. Dr. Martin and Dr. Anthony succeed themselves, While Prof Swinehart succeeds Rev. Father Neimann, who was unable to serve longer. These appointments were confirmed by the council. The other members of the library board are R. L. McDougal, J. F Hull, G. B. Roseberry, W. C. VanCleve and Prof. C. A Hawkins

J. W. Armstrong was selected as city weighmaster until May, 1914. The selection was approved by the council. Jim Middleton was chosen for street cleaner for one month and this appointment was also confirmed.

A remonstrance petition was presented to the council against the paving of the alley between Fourth and Fifth and Main and Market streets. If all of the signers are property owners, the petition is sufficient to knock out paving of that alley.

Another remonstrance petition presented was against the paving of Market street for two blocks between First and Third. It is thought there are enough legal signers to the petition to knock out this improvement.

An ordinance adopted by the council Friday night was in regard to hitching to awning posts, shade trees or white way posts in the business section. Any one guilty of hitching a horse, mule or ass to a shade tree, awning or white way post will be guilty of a misdemeanor and the penalty will be a fine of not less than $1 and not more than $20.

COMMISSION WENT OVER ROAD.

Ravenwood, Clyde and Conception Were Visited—They Will Go to Darlington Thursday.

The county highway commission, composed of John Clary, E. H. Bainum and S. H. Conlin, inspected the roads that entered for the county seat highway from Maryville to Albany. They went over the road from this city to Ravenwood and then on to Sweet Home and the state line. The Gentry county commisison favors this road. The commission then took the Clyde road to Clyde, went past the convent and on to Conception. They then went to Conception Junction, east to Clyde, and took the bottom road from Clyde to Ravenwood. Out of Ravenwood, they came to the Gallagher corner, south two miles, east one-half of a mile, south three miles, then west five miles and a mile and a half to Bedison. Out of Bedison, they came two miles west and passed the Carr bridge over the 102 river and came home over the bottoms to the city.

The commission did not make any decision in regard to the road they will select. They find the road in certain parts in a very bad condition.

The commission will start out again on Monday to view some of the roads entered for the Grant City highway.

On Thursday, the commission will go to Darlington, where they will meet the Worth county commission and also the Gentry county commission. At this time, probably the road to Grant City and also to Albany will be selected.

Visitors From Stanberry.

Miss Eleaine Duncan, the accomplished reader of Stanberry, and her brother, Roy Duncan, returned home Friday from a visit since Wednesday with Miss Ethel Muse. Miss Duncan is having a week's vacation. She is making entertainment engagements under contract of the Glazier bureau of Chicago.

MARGARET WILSON.

Question of Whether She Is a Lobbyist Has Been Raised In Washington.

© by American Press Association.

President Wilson's daughter has promised to use her influence to have the property of the Naval home in Washington converted into a public playground. That was asserted by Richard Campion, tariff expert, to constitute lobbying, the offense assailed by the president as pernicious when manufacturers were seeking the ear of members of congress to give their views on the Underwood schedules. "But," he adds, "I think she is justified and hope she succeeds—we all do."

N. STURM IN BANK

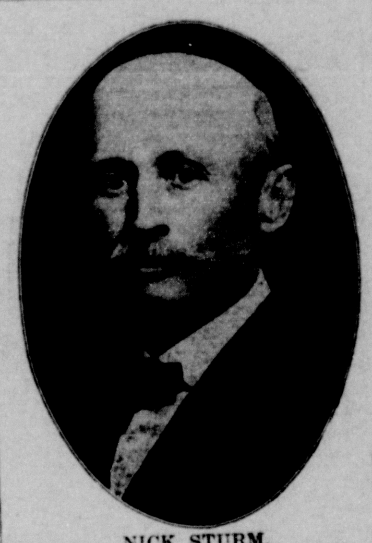
WELL KNOWN BUSINESS MAN GOES TO FARMERS TRUST CO.

TAKES PLACE JULY 1ST.

Strong Acquisition By Reorganized Company—He Has Wide Acquaintance of 30 Years' Experience.

Mr. Nick Sturm, so long and so favorably known to the people of Maryville and Nodaway county, takes a place on the official staff of the Farmers Trust company, now in course of organization as a successor to the Maryville National bank and the Gillam, Bellows & Pierce loan company, and will assume his duties on July 1st.

Mr. Sturm, though yet a young man, has been a resident of Maryville for over forty years. He was in the mercantile business here for thirty years and built a reputation for honesty, integrity and ability second to no man. At all times he has been in the very forefront of every movement for the advancement, upbuilding and development of this city and county and has always given liberally of his time and money for their accomplishment.



NICK STURM.

Mr. Sturm is a strong man and highly regarded in business circles and will be a valuable acquisition to that already strongly equipped institution.

UNION AFTER $15,000.

That Township Filed With County Court Statement of Proposed Road Work There.

Union township filed a statement with the county court on Friday of the road work that has been done in that township and of the work still to be done. Union some time ago voted $15,000 in bonds and all of the bonds have been issued and the money is now being used in permanent road work there. She still has $15,000 coming from the state, as the state duplicates any amount that a township issued for bonds for road work. That is the reason that the statement was filed with the court. With the court approval, the statement and papers will be sent to the state auditor at Jefferson City and a requisition made on the state treasury for $15,000.

County Surveyor Reese made out the statement of the proposed road work there. The excavations of the roads amount to 51,721 cubic yards and will be used for making fills. It is estimated that it will cost $10,344.20. Then there are 75 concrete culverts at an estimated cost of $5,814. There are also 63 concrete culverts, 4 by 20 feet, estimated at $6,570. There will be 22 concrete culverts, 8 by 20 feet, at an estimated cost of $4,778.50. There will be 6 concrete abutments for steel bridges and it is estimated at $2,223. All told the proposed work will amount to an estimated cost of $29,729.70.

The count at Friday's session appointed George Hartley, H. E. Wright and T. A. Wilderman as commissioners to view premises for a private road as requested by W. A. Edwards. The road runs through the land of W. A. New and Nelson S. Whaley.

The petition for a new road in Grant township was withdrawn by the petitioners.

The court adjourned Friday evening to meet again on June 25 when contracts will be let for several new bridges and the repairing of a bridge.

St. Mary's Sisters Leave.

Sister Hedwige, who is in charge of St. Mary's parish school, and her assistants, Sister Sabina and Sister Isidore, left Friday morning for Atchison, Kan., to spend the summer vacation at Mt. St. Scholastic college there.

WORTH THE MONEY

GENERAL OPINION OF THOSE WHO INSPECTED NEW POSTOFFICE.

WITHOUT MAIL SUNDAY

On Account of Moving From Old to New Building, No Mail Will Be Distributed Sunday.

The people of Maryville are well satisfied with their $90,000 new government building and it is doubtful whether there is a prettier government building anywhere, according to the money that was spent. Many people inspected the building Saturday morning and afternoon and everyone of them went away saying that the building was a beauty and could not be better arranged so far as the public and the clerks are concerned. The clerks will have all of the conveniences that could be asked for. They will have lockers, one for each one, can take a shower bath and many other conveniences.

The postoffice will commence moving this evening. All of the clerks of the office will assist in the work and the hauling will be done by the Shoemaker & Bovard transfer company. Everything in the old building will be taken out and it will probably take the greater part of the night and also Sunday to do this.

The old furniture will be stored in the storage room at the new building. Many pieces of it have been ordered sent to different places in Iowa and Missouri to be used in the postoffices there and it will be shipped Monday. The other furniture will remain in the storage room until further orders of the department at Washington.

While all of the new furniture for the building is not here, there is enough so as to go ahead with the work.

Postmaster Beech announced Saturday that there will be no mail on Sunday for the public, owing to the moving and arranging the furniture at the new building. The building will be opened Monday morning and all will be able to get their mail. All old keys will be turned in on Monday. New keys will be given with each 20 cents deposit.

Madison H. Pearson is to be the janitor of the new building. He was appointed by Postmaster Beech some time ago and the appointment was confirmed by the department at Washington. J. S. Clark will be the fireman-laborer of the new building, he having passed the examination for that position.

The postoffice has been located in the Cox building on the north side of the square for more than 25 years, according to Postmaster Beech. Before that time, it was located in diferent buildings around the city.

Maryville has been after a government building for many years, but when Congressman Charles F. Booher was elected to congress, he with Senator Stone and Senator Warner, worked for an appropriation from the government and they were finally successful in securing a $75,000 appropriation. At the last session of congress, $15,000 more was secured by Congressman Booher for the building here, but President Taft vetoed the appropriation bill. Mr. Booher will probably get that appropriation at this session of congress, making all told an appropriation of $90,000.

Sings in Kansas City.

Miss Marie Jones went to Kansas City Friday, where she takes her vocal study with Mrs. Ella Van Huff on Saturdays and Mondays. Each Sunday she will sing in one of the Episcopal churches of that city. The remainder of the time she will give to her work at the Maryville Conservatory.

Winner of Scholarship.

At the commencement exercises of the State University, held at Columbia on Thursday morning, Winfred Weeden Hawkins, son of Professor and Mrs. C. A. Hawkins of this city, won the university scholarship in Germanic languages. Mr. Hawkins received an A. B. degree.

Went to Meet Daughter.

Judge W. C. Ellison and Mrs. Ellison went to St. Joseph Saturday morning to meet their daughter, Mrs. E. D. Holland of Hot Springs, Ark., who is on her way to Maryville to visit her parents. They will arrive in the city tonight.

Mr. and Mrs. G. M. Campbell and daughter, Miss Ina, went to Bedford Saturday to visit their daughter and sister, Mrs. Derickson, and family.

PARTY HAD GREAT TIME.

White Way Celebration Well Advertised By Boosters Who Made Trip on Friday.

A great time was had Friday by the party that made the trip in automobiles over the west part of the county to advertise the white way celebration in Maryville on Wednesday, June 18. As was printed in Friday's issue, the party visited Clearmont, Burlington Junction, Quitman, Skidmore, Maitland, Graham, Fillmore, Rosendale, Bolckow, Barnard, and Sunnybrook. Mud was encountered near Clearmont and considerable trouble was had. The road from Clearmont to the Junction and on to Quitman was also muddy, but from Quitman to Skidmore and on to the other towns that were visited, the roads were very dusty and were in a fine shape.

The glad hand was extended the delegation at each of the towns that were visited and at Graham, the citizens there had a treat in store for the party. Not a thing could be purchased at that town including soft drinks and cigars. At Fillmore, the cigars were passed around by the business men of that town.

A party of Graham men, composed of Robert Groves, John Gex, R. B. Gex, Wood Jones and P. Schmidt, piloted the party from that town to Fillmore, Rosendale, Bolckow, Barnard and Sunnybrook. From Barnard, the boosters went to Sunnybrook, which is four miles east of Graham. At that place there is only one store, and cider and other soft drinks were given to the members of the party.

The trip from Sunnybrook back to Maryville was made by using the road two miles west of Sunnybrook, and then north past the Gex farm, using the old Graham road. This road was in fine condition and many were of the opinion that it was the best road that was gone over on that day.

Mr. and Mrs. F. P. Reuillard and Mr. and Mrs. H. L. Raines, members of the party, stopped for a supper at the home of Mr. and Mrs. R. B. Gex.

There were no accidents, but a few had tire trouble. Paul Sisson had seven punctures, George Wilfley and Dr. Jesse Miller also had tire troubles. In going up a hill out of Fillmore, George Kemp ran into John Sewell's car, but outside of breaking a lamp on Kemp's car and the tail light on Sewell's car, on damage was done. The accident was unavoidable, so the parties said.

At each town, the band played a number of selections and bills and other advertising matter were distributed. The other towns in the county will be visited some time next week.

IS A GOOD ROAD.

A iFne Stretch of Road Four Miles Long From the Casey Corner—Are Busily Working this Road.

There is a fine stretch of road of four miles from the Casey corner, which is six miles due east of Maryville on the state road. This road goes two miles north of Casey corner and then two miles east to the Moore school house. The road has been called the Saints By-way, and the markings are pink and white. The signs are being painted now and will be put up soon.

The delegation from Maryville that will go to Harmony Sunday are requested to use this road, as it is the best route to the Harmony church. From the Moore school house, it is only one mile to the Harmony church and the ridge road is used.

Has a Buick.

Thomas Farrell of near Orrsburg purchased a new five-passenger Buick automobile of Mutti & Brown of Hopkins.

Announce Birth of Son.

Mr. and Mrs. Krause will be at home after June 15, at 26 North Sixth street, Madison, Wis. The bride formerly lived in Maryville and was a popular member of the Philathea class of the First Christian church Bible school. She moved to Madison with her mothers's family and that of her brother-in-law, Robert C. Stephenson, about five years ago.

Will Meet Daughter Here.

Mr. and Mrs. F. I Dunn of Bolckow will come to Maryville Saturday evening to visit over Sunday with Mr. and Mrs. Arch K. Frank, who are now at home at the Conrad place on Prather avenue. Besides these visitors, Mr. and Mrs. Frank will have for their guests at Sunday dinner, Mr. and Mrs. G. B. Roseberry and daughter, Esther, and Miss Helen Dunn of Bolckow. Miss Dunn will arrive Sunday morning from Columbia, Mo., where she has just finished her second year at the state university. Mr. and Mrs. Dunn come at this time to meet their daughter on her way home.

Picnic Party at 102.

A picnic party was given at the John Herren's place on the 102 river on Friday evening. The party consisted of Mr. and Mrs. Burt K. Lewis, Mr. and Mrs. E. F. Scott, Mr. and Mrs. Fred French and Misses Mary Ogden, LaRue Kemp, Grace Langan, Margaret McDougal, Helen Hudson, Phyllis Sayler, Jessie Mutz, Jane Hynote, Golda Airy, Ella Richards, Maud Bent, Nellie Wray, Dora Day, Miss Hynote, Messrs. Bruce Montgomery, Harry Mutz, Will Sawyers, Brent Embree, H. J. Becker, Ed Godspeed, James Faris, Ross Scott, Orlo Quinn, Dr. Earl Braniger, Frank Miller and John Mutz.

Social Opening for Convention.

The Ladies' Aid Society of the Buchanan Street Methodist church held a meeting in the church parlors Friday afternoon, presided over by the president, Mrs. J. H. Thorp. The society decided to have a social event for the opening of the District Epworth League convention, which convenes with this church the evening of June 18 and holds until Friday evening, June 20. The ladies decided to give an ice cream social on the lawn of J. H. Thorp, South Buchanan street, Wednesday afternoon and evening of June 18, which will enable the delegates to become acquainted with our people upon their arrival, which will be throughout the day. It will be the day of the great white way opening, but the ladies are not thinking that event will detract from the interest in the convention and its opening event.

Surprise Birthday Party.

The neighbors and friends of Mrs. C. A. Loch, living one mile and a half northwest of Pickering, gave a happy surprise Thursday night to celebrate her 45th birthday anniversary. The self-invited guests brought strawberries and cake with them and a delicious luncheon was served. Violin and piano music was given by Mr. Joseph Everhart and his daughters, Misses Christel and Beulah Everhart to the delight of all. Those present were Mr. and Mrs. Omar Strong and daughter, Helen, Mr. and Mrs. Joseph Everhart, Misses Christel and Beulah Everhart, Mr. and Mrs. Orris Saunders, Miss Lucy Saunders, Mr. and Mrs. Cleve Hod and daughter, Iola, Mr. and Mrs. Bert Pfeiffer and daughter, Ola May, Mr. and Mrs. Caples Wilson, Mr. and Mrs. Harve Cline and daughters, Elma and Thelma, Mr. and Mrs. George Porterfield and daughters, Cleo and Cecil, Mr. and Mrs. Leslie Taylor, Mr. and Mrs. John Prather, Mr. and Mrs. Emmett Gray and daughters, Lois and Irene, Mr. and Mrs. J. F. Hanna, Mr. and Mrs. Denver Loch and son, Maurice, Miss Amy Leech and Miss Golda Loch.

Married at Sunrise.

A pretty wedding took place Saturday morning at the home of the Rev. Father Henry F. Niemann, pastor of St. Patrick's Catholic church, when Charlotte Lucilla Murrin and George Ralph Cornelius were united in marriage. The ceremony was performed at sunrise in the presence of the bride's parents, Mr. and Mrs. John Murrin, Miss Bess DeArmond, and the attendants, Miss Margaret O'Donnell and Mr. John Owen Murrin of Atchison, Kan., an only brother of the bride. Immediately after the ceremony the party went to the Murrin home, 322 East Sixth street, where a four-course wedding breakfast was served by Mrs. Murrin, who was assisted by the bride's most intimate friend, Miss Bess DeArmond. The bride was charming in her wedding gown of white point liere lace over white messaline, trimmed in chiffon roses with pearl hearts. She wore a lace bridal cap of white point liere and carried a shower bouquet of Marchelneil roses, in which lillies of the valley were knotted with small white ribbons, and all held by loops of chiffon and lace. Her going-away suit was of black serge silk, with trimmings of green, and she wore hat and gloves to match. Mr. Cornelius and his bride left on the early Wabash train for a few days' honeymoon visit to a brother and sister of Mr. Cornelius in Omaha and Sioux City. They will be at home in Des Moines, Ia., after June 15. Mr. Cornelius is a traveling representative for the California Fruit Company at Omaha. Mrs. Cornelius is one of Maryville's most accomplished and popular girls. The best wishes of many friends, both old and young, will follow her to her new home.

Met at Country Home.

The Women's Missionary Society of the First Baptist church was delightfully entertained Friday afternoon by Mrs. H. W. Hull, at her home two miles north of Maryville. It was the regular monthly meeting of the society. The devotional service and program were led by the president, Mrs. Eugene Ogden. The text for the devotional service was taken from Matthew 9:38. After the opening song the prayer was led by Mrs. Flora Quinn. "Mormonism" was the subject for the afternoon's study. Three very excellent papers were given the first by Mrs. Anderson Craig on "Why Do Women Remain in Mormonism;" the second, "How Mormons Proselyte," by Mrs. Omar Catterson, and the third, "Mormons in Politics," by Miss Myra Hull. A synopsis of a most touching and interesting story as told by a Mormon girl of her life, was given by Miss Orrell Helwig. An instructive sketch of her visit to Salt Lake City was presented by Miss Ada Albert which included the inspection of the Mormon tabernacle and other of their buildings and how strangers are received and conducted with impressive courtesy by those placed in charge of the buildings for that purpose. The closing prayer was led by the president. A delightful social hour followed. There were twenty-one members present and thirteen visitors, to whom was served a most delicious luncheon of fresh picked strawberries with rich yellow cream, home-made cake, and real ice cream. The hostess was assisted in serving by her daughter, Miss Myra Hull, Miss Hazel Everhart and Mrs. M. D. Kemp. The visitors were Mrs. W. T. Ramsey, Mrs. M. D. Kemp, Mrs Halbert Catterson, Mrs. Clara Stewart, Miss Orrell Helwig, Mrs. J. F. Cook, Miss Myra Hull Miss Lois Johnson, Miss Hazel Everhart, Miss Helen Kemp, Mr. and Mrs. Dan W. Jones and H. W. Hull.

A Lady's Comment On Medicine and Religion

The following letter is from a lady whose name I am not at liberty to use. If I should mention her name she would be known by almost every reader. She writes in part:

Dr. S. B. Hartman, Columbus, Ohio:

"Your article entitled 'Medicine and Religion' has been read and re-read by me many times. It seems to me that the article contains the substance of all that has been said about Christian Science, new thought, suggestive therapeutics and other forms of mental healing.

"I am very much pleased to observe that you are putting out into the world such useful literature. It will do untold good, without doubt; not only for those who take medicine, but for those who try to get along without taking medicine. Your article is terse, to the point, and will be read by thousands.

"Medicine and religion have always been very closely associated. Only in very recent years have the two been regarded as separate professions. I am glad you brought this out so clearly. The tendency of to-day is strongly in the direction of medicine and religion coming back together again. With your immense facilities for spreading useful information I am sure you will greatly assist the progress of the times in sending out broadcast such articles. I want you to know that your efforts are appreciated.

"As to Peruna, I have nothing to say. I very seldom make use of any medicine. But I assure you that your article has so enthused me with the good advice it contains that if I have any need for medicine I shall certainly buy a bottle of Peruna. I shall not neglect to recommend it to others also." PERUNA SOLD AT ALL DRUG STORES.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

ASK PROTECTION FROM MEXICANS

Three Hundred Americans Wire Appeal to Wilson.

ASK FOR IMMEDIATE ACTION.

"After Death It Will Be Too Late," Reads Urgent Message to President. Subjected to Slights, Indignities and Gross Abuse.

Tampico, Mex., June 7.—Three hundred Americans located in southern Tamaulipal, representing sixty-eight families, have demanded in a long message to President Wilson, sent through Consul Miller here, to know "once for all" whether they can expect protection from their home government since they "do not desire to take measures for our own safety which would embarrass our government without giving due notice beforehand."

The message of the Americans was transmitted by wireless through Consul Miller to W. W. Canada, the American consul at Vera Cruz, to be forwarded to Washington. It says in part: "Having been left without any protection whatever on the part of both sides of the pending controversy, therefore, we can look for protection from our own country. We must know, once for all, if we can expect the same.

"Having been subjected to slights and a great variety of indignities and gross abuse in the last few days, the situation calls for most serious preparations for our personal safety and the defense of our families and our interests. Therefore, we have assembled to consider the best way. We consider protection necessary now, since after death it will be of no use."

The message declares in addition that the petitioners have borne financial losses silently, but that many of them cannot obey the advice to "get away if in danger," as their departure would mean the abandonment of the accumulation of a lifetime.

"We consider the lives of ourselves and our families in danger," the message continues. "It is no longer doubtful that the slightest spark will bring on the dread conflagration at any moment."

American Refugees En Route Home.

Washington, June 7.—The steamer Mexicano, chartered by the American Red Cross, arrived at Vera Cruz, Mexico, and will leave for Galveston in a day or two with about 200 American refugees. The Red Cross sent Charles Jenkinson to Vera Cruz to arrange for their departure. These Americans were made destitute by enforced idleness, due to the suspension of business by the long continued disorder in Mexico.

WOOD JURORS STILL OUT

Offer of $200 and Life Job Made to One, He Tells Court.

Boston, June 7.—The jury in the dynamite "planting" conspiracy case, which grew out of the Lawrence textile strike, is still deliberating on the question of the guilt of the three alleged conspirators—William W. Wood, leged conspirators—William M. Wood, company; Frederick E. Atteaux and Dennis J. Collins.

Just before court opened one of the jurors, Morris Shuman, told Judge Crosby that he had been approached with an offer of $200 and a life position if he would agree to vote as directed. It is said the man who approached him would not say for whom he was acting.

Shuman thought that he could identify the man and expressed the opinion that he could reach a decision on the evidence without being influenced by the alleged offer. He was allowed to enter the box with his eleven fellows.

SEEKING MEANS TO CUT OUT NEEDLESS NOISE.

Chicago, June 7.—Five aldermen started out to trail down fifty-seven varieties of needless racket which they found constitute the Chicago din. They are members of the noise committee of the council and each accepted an assignment to investigate a list of noise producers, study them and endeavor to find means of wiping them out or reducing them to a minimum.

Twenty Days for Laughing at Judge.

Trenton, N. J., June 7.—Hannah Silverman, seventeen years old, a Paterson silk striker, who was sentenced to twenty days in jail for contempt of court, has applied to the state supreme court for a review of her sentence. It is alleged, while in court during a hearing of arrested strikers, Miss Silverman laughed at the judge and she was sentenced for contempt.

Convicted of Assault on Reporter.

New York, June 7.—David Dows, a wealthy iron manufacturer, was convicted of assault upon Alva Johnston, a New York newspaper reporter, who made a recent midnight call at his house to get an interview. Dows and his butler threw a blanket over the reporter's head and dumped him in the back yard.

JAPAN RAISES A NEW POINT

Note Says Anti-Alien Act Violates Fourteenth Amendment.

Tokyo, June 7.—The rejoinder of Japan to the United States' note on the subject of the California alien land ownership legislation reiterates that the land bill passed by the California legislature vacates the spirit of the Japanese-American treaty by discriminating against a friendly power.

It points out that even if the question is an economic one, it enters the domain of international relations and therefore becomes a political question.

The note says the California land legislation violates article 1 of the Japanese-American treaty of 1911, which authorizes subjects or citizens of the contracting parties to own or lease houses which are inseparable parts of real estate.

It also declares that the new bill violates the fourteenth amendment to the United States constitution, requiring states to grant equal protection under its laws to all persons within its jurisdiction.

Interest in the Japanese-American land ownership controversy is unabated in Japan and continues to be the paramount topic of conversation among all classes. Several mass meetings of protests are being arranged.

Tatsue Yamamoto, minister of agriculture and commerce, in a statement, declares that the Japanese government is desirous of participating in the Panama Pacific exposition at San Francisco, but owing to the unpopular feeling in the land question it feels obliged to wait, in order to determine public sentiment toward the exposition before proceeding further with its plans.

The Japanese government has postponed its reply to Secretary of State Bryan's proposed plan of international arbitration, which it is understood is being favorably considered by the nations.

DUN'S TRADE REVIEW FOR THE WEEK

Seasonable Weather Favorably Affects Retail Distribution.

New York, June 7.—Dun's Weekly Review of Trade says: More seasonable weather has had a favorable effect on retail distribution throughout the country and while a slight recession in wholesale business is apparent in some sections of the west, reports from several centers show trade to be more active than a year ago. Needed rains have greatly benefited the crops in the southwest. New business in iron and steel still falls short of prediction, but the mills have plenty of orders on hand and it is expected that buying will be resumed before these become exhausted. Cotton goods are in good demand, although buyers are still operating conservatively. Woolen mills have reduced activity because of tariff uncertainty and silk mills on account of stocks, but stocks in all branches of the textile trade are abnormally low, which will favor a prompt resumption of full time operations as soon as the present restraining influences are removed.

Railroad gross earnings for four weeks in May increased 7.8 per cent.

Big Shortage Closes Bank.

Caruthersville, Mo., June 7.—The Pemiscot County bank has closed its doors and now is in the hands of the state bank commissioner, as the result of the discovery of an alleged short ago, which, according to John H. Cunningham, president, is at least $200,000 and may reach $250,000.

Law Forbids Poisoning Hoppers.

Washington, June 7.—Harris E. Smith, the agricultural department's entomological expert to aid in the fight against a grasshopper invasion in New Mexico, reported that a state law prohibiting the spreading of poison is delaying efforts to exterminate the pests.

LOBBY INQUIRY TAKES NEW TURN

Influence Exerted by President Is Declared Undue.

COMMITTEE IS CRITICISED.

Townsend Says Senators Will Vote Against Judgment Because of Fear of Administration—Members Who Have Testified May Be Recalled.

Washington, June 7.—Senator Townsend told the lobby committee he believed the nearest approach to undue influence was the "influence exerted by the president by the use and powers of the party secret caucus."

"I am convinced," he said, "that some senators will vote in favor of the tariff bill and against amendments they believe in because of the fear of antagonizing what is known as the power and influence of the administration."

Senator Townsend added he believed the lobby investigating committee had not tried to find what influence President Wilson had exerted on senators. The committee unanimously decided "in view of the serious statement made touching the executive" that any senator who has heretofore testified could be recalled and asked as to any influence President Wilson had exerted with him.

Real Lobby in Colorado.

Further evidence of organized efforts of anti-free sugar forces to bring pressure to bear upon western Democratic senators and congressmen to align them against President Wilson's free sugar plan were given the senate lobby committee by Senator Thomas of Colorado, a member of the finance committee.

He produced hundreds of telegrams and scores of documents, letters, pamphlets and newspaper clippings which he believed showed an organized attempt to manufacture public sentiment in Colorado which would affect the action of its senators and representatives. He gave the names of many Colorado towns from which scores of similar telegrams and letters had come, and said he had been informed by some of the signers that they were practically forced to attach their names, because of financial obligations to persons directing the movement.

The investigating committee showed a disposition to go to the bottom of some newspaper articles that Senator Thomas furnished and learn what forces were at work circulating news on the sugar fight. Senator Thomas said he knew the beet sugar interests long had maintained headquarters at Washington. The campaign from Colorado, he declared, was evidently directed and financed by interests that would be affected by the tariff bill, but had conducted it in an anonymous manner, so he did not know the real force behind it.

VICE INQUIRY IS RESUMED

Illinois Commission Hears About Wages Paid Married Men.

Chicago, June 7.—Three, and sometimes four, members of the Illinois senatorial vice commission sweltered through two sessions here seeking light on minimum wages paid married men, and the relation of this wage to immorality among women.

The inquiry was directed to show that where the head of a family earns a small wage his daughter or daughters are forced to seek employment where they are more open to evil advances than when cloistered at home.

The bankers, for the most part, said they do not employ married men earning less than $1,000 a year.

Among the merchants the practice is not to hire married men who are not capable of earning at least $12 a week. Joseph Bashe and others declared that thrifty families save money on such a wage.

DISCUSS PAPER SCHEDULE

Senate Subcommittee Considers Retaliatory Duty Clause.

Washington, June 7.—For several hours the senate finance subcommittee, of which Senator Johnson of Maine is chairman, discussed the paper schedule of the Underwood tariff bill, and it is reported that an amendment to put a retaliatory duty against Canada on print paper valued at not more than two and one-half cent a pound is being seriously considered.

Professor Taft Visiting at Capital.

Washington, June 7.—Professor William H. Taft, private citizen, arrived for a visit in the capital in which he once ruled as the first citizen of the land. He will spend several days as the guest of Mr. and Mrs. W. J. Boardman. Among former President Taft's engagements today, while here attending a meeting of the Lincoln memorial commission, will be luncheon at the White House with the president and Mrs. Wilson. It will be the first visit of Mr. Taft to the White House since he left the presidency.

Seize Shipment of Rifles to Ulster.

TREATY RENEWALS STILL HELD UP

Senate Again Fails to Ratify Extension of Agreements.

Washington, June 7.—The principle of compulsory arbitration written into the code that has bound the United States with twenty-four greater or lesser nations of the world for the last five years is in serious danger, and unless there is a decided change in sentiment in the senate, the renewal of twenty-three of the trieaties which gave concrete evidence of this nation's belief in such a policy, may be impossible. In executive session the senate again failed to ratify renewals of the arbitration agreements with Great Britain, Italy and Spain which recently expired. These conventions provide that questions relating to the interpretation of treaties, excepting those that cannot be settled through diplomatic channels or those of vital interest, national honor or independence, shall be submitted to The Hague.

The main argument arose over the contention that if the treaty with Great Britain is ratified the Panama canal tolls question would have to be submitted to The Hague, but during the discussion the Japanese question and the general attitude of the nation toward compulsory arbitration was borught up and led to the expression of views utterly at variance with entrance into such binding agreements in the future.

TOBACCO AND OIL TRUSTS NOT 'BUSTED'

Stock of Disintegrated Parts Under Same Control as Before.

Washington, June 6.—Neither the Standard Oil nor the tobacco trust has been actually dissolved to meet the requirements of the Sherman law, according to the views of Attorney General McReynolds.

When this became known it was taken as a forecast of possible further action against the oil as well as the tobacco interests if the results of the investigation just completed by the department of justice of the workings of the oil dissolution decrees indicate that there is a problem which can still be dealt with under the Sherman law. The attorney general's complaint is not against the Sherman law, but against the decrees of dissolution interpreting the decisions of the United States supreme court.

He is firmly convinced that no trust, as these two cases, can be adequately dissolved by a pro rata distribution of the stock of its disintegrated parts among the same stockholders who controlled the original combination.

While each combination must be dealt with as a separate problem, officials point out that experience indicates that dissolutions of the future must be such that the control of disintegrated trusts will pass into new hands.

PRESIDENT WILSON AT CAPITOL AGAIN

Makes Fifth Trip to Discuss Diplomatic Appointments.

Washington, June 6.—President Wilson appeared unexpectedly at the president's room at the capitol with a big list of diplomatic selections.

It was the president's fifth visit to the halls of congress, but this time he found the door of the room locked, the senate having adjourned.

"I guess I'll have to get a duplicate key for this door," said the president, smilingly, as the sergeant-at-arms hastily dispatched a messenger boy for the key. Hardly any senators were in the building, but Secretary Tumulty soon sent out a call for about twenty of them and they came in quickly.

While the president has not definitely fixed on some of the countries to which he will make diplomatic appointments, he has chosen the men who will get the posts and about these he consulted Republican as well as Democratic senators.

EX-CONFEDERATE PENSION ACT.

$30,000 Appropriated From General Revenue Fund to Provide Pensions.

The Democrat-Forum has been asked several times in regard to the appropriation made by the last legislature for the payment of pensions to ex-Confederate soldiers, and for the benefit of these and others who may be interested, we herewith publish the act.

Adjutant General O'Meara of Jefferson City has in charge the administration of this law, and all correspondence in relation to this measure should be addressed to him.

Section 1. Who may become pensioners.—That on satisfactory proof being furnished to the adjutant general of the state by any ex-Confederate soldier who enlisted in the Confederate army or in what is commonly called the Jackson state militia, that he served in such service for a period of not less than six months, and was honorably discharged therefrom, and that on account of wounds received, disease contracted, from personal injury, or from old age he is incapacitated to labor, and has no business or profession or property from which he derives an income, and no means sufficient for his support, and who has resided in the state two years prior to the passage of this act, his name shall be enrolled by the adjutant general on the state ex-Confederate pension roll.

Sec. 2. Adjutant general to furnish blanks—proof—fees. The adjutant general shall prepare blank forms for the purpose required in the foregoing sections and furnish the same on application by any ex-Confederate soldier. He shall prescribe the character of such proof and the manner of taking and certifying the same, and the attorney fees or other fees to be charged.

Sec. 3. Appropriation, printing.—The sum of $400 is hereby appropriated out of the general revenue fund for the purpose of printing and furnishing blanks, rules and regulations provided for by section 2 of this act.

Sec. 4. Persons aggreived by the decision of the adjutant general denying his enrollment as a pensioner under the provisions of this act may appeal to the board of review, which shall consist of the attorney general, the secretary of state and the state treasurer. The board shall sit at Jefferson City in the office of the attorney general, or in such other places as it may select at such times as it may deem necessary, and its decision shall be final, and no evidence other than that filed with the state auditor shall be heard or considered by the board.

Sec. 5. Pensioner to receive ten dollars per month—inmates of homes not eligible. Every ex-Confederate soldier when enrolled upon the state ex-Confederate pension roll shall receive from the adjutant general a certificate of this enrollment and shall be entitled to receive from the state a pension of ten dollars per month from and after the date of his enrollment, payable quarterly on the warrant of the state auditor; provided, however, that no person who is an inmate of the Confederate home at Higginsville or any other Confederate home are not entitled to receive a pension under this act.

Sec. 6. Adjutant general to furnish state auditor with pension roll.—The adjutant general shall furnish the state auditor from time to time certified copies of the pension roll, giving the name, age and place of residence of each pensioner.

Sec. 7. Auditor to have proof of identity of pensioner.—Before the state auditor shall issue a pension warrant under the provisions of this act he shall require proof of the identity of the pensioner applying for the warrant, and proof that he is in possession of a proper certificate. Blank forms for such proof shall be prepared by the state auditor and furnished to each pensioner at least ten days before each quarterly payment.

Sec. 8. Adjutant general to make report to general assembly.—The adjutant general shall furnish to the general assembly at each of its biennial meetings the name and number of pensioners enrolled by him under the provisions of this act, and also the number enrolled who have died since his last report.

Sec. 9. Appropriation.—The sum of $30,000 is hereby appropriated out of the general revenue fund for the payment of ex-Confederate pensions under the provisions of this act.

Approved April 23, 1913.

WORRY FILLS THE ASYLUMS

Forty Per Cent. of the Insanity Cases Are Attributed to It by Alienists.

An eastern alienist told the Mental Hygiene society that if worry could be eliminated the number of our insane would be decreased by 40 per cent. His assertion is corroborated by other experts.

The diagnosis, one sees, is delightfully simple, but the remedy is hard to apply. Worry is of two sorts—that which comes from within and that which is imposed from without. The nervous specialist treats the first and mental suggestion succeeds in a certain proportion of cases. As for the worry incident to our mad scramble to survive, the doctors we look to in that case are the ecoonmists and the sociologists. The problem of the nerve specialist is not an easy one, but it looks almost simple when compared with the problem of the economists. Both sets of doctors are making headway, and at present we may look for much improvement in our insanity statistics.? So let us not worry about worry, but work to remove its causes. —Chicago Record-Herald.

Turkish Slaves.

Abdul Hamid's view that the slave in a Turkish household is much better off than a servant girl is fully supported by Mr. Duckett Ferriman in "Turkey and the Turks." The chief points urged are that the owner is responsible for the slave's maintenance and cannot turn her adrift, that she is treated as one of the family, has light duties, and is taught accomplishments, and that she has chances of a rich marriage. An Englishwoman, governess and companion in a house on the Bosphorus, was asked by some English visitors who were the charmingly dressed girls they saw. "Servants," she said, meaning to spare the girls' feelings. But when the visitors had gone the girls bitterly reproached her for "shaming" them. "You are a servant. You are paid, we are not. We are slaves, not servants. Why did you tell a falsehood to shame us?"

Language Intricacies.

Richard Grant White in his "Words and Their Uses," says. "Transpire means to breathe through, and so to pass off insensibly. The identical word exists in French, in which language it is equivalent of our perspire, which also means to breathe through, and so to pass off insensibly. The Frenchman says J'ai beaucoup transpire (I have much perspired)—in fact, transpire and perspire are etymologically as near perfect synonyms as the nature of language permits; the latter, however, has by common consent been set apart in English to express the passage of a watery secretion through the skin, while the former is properly used only in a figurative sense to express the passage of knowledge from a limited circle to publicity."

Lace Designs From Spider Webs.

Missionaries in Paraguay more than 200 years ago taught the native Indians to make lace by hand. Since that day the art has greatly developed, and in certain of the towns lace making is the chief occupation. Almost all the women, many children, and not a few men are engaged in this industry.

A curious fact with reference to the Paraguayan laces is that the designs were borrowed from the strange webs woven by the semi-tropical spiders that abound in that country. Accordingly this lace is by the natives called nanduti, which means "spider web."—Harper's Weekly.

Somewhat Risky Bet.

The "funeral" at Zenta of a man named Peter Hirti provided a sensation. The cortege was approaching the cemetery, when the lid of the coffin was forced off and Peter Hirti, alive and well, stepped out of the hearse on the road. On seeing him the mourners were seized with panic. When the excitement subsided Peter Hirti related that he had made a bet he could feign death and keep up the deception until the coffin in which he was placed was taken to the cemetery. The want of air compelled him to force the coffin lid before the cemetery was reached, and he therefore lost the bet.

Why He Was Suspicious.

Two friends, a Welshman and a Scotchman, happened to be lunching together recently in a restaurant. The latter kept looking around to see that his hat and coat remained still on the peg where he had left them.

"You are a suspicious chap," said his friend at last. "Who do you think is going to walk in here and steal our coats?" "Can't say," replied Scotty, "but I'll take good care nobody gets mine; yours went ten minutes ago."

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs.

I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron." This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Thedford's."

Mrs. H. Westcott and daughter, Miss Bessie, of Fillmore, who have been visiting Mrs. Westcott's sister, Mrs. Anna Bennett, returned home Friday morning.

Mrs. J. T. Linville went to St. Joseph Friday morning to visit her daughters, Mrs. Charles Awalt and Mrs. Earl Fisher.

LEVY IS REDUCED

A TOTAL OF 7 MILLS AS AGAINST 9 MILLS LAST YEAR.

GENERAL LEVY 1 MILL

Waterworks Receipts Expected to Make Up Difference—Reduced Levy on Paving Bonds and Interest.

At the city council meeting Friday night, the tax levy for the ensuing year was made. The levy as ordered by the council will be this year only 7 mills on the $1 assessed valuation, while last year it was 9 mills. As the sewer bonds have been paid off, it reduces the tax levy 2 mills. Then the paving bond levy was reduced 1 mill. The levy is reduced, even counting in the levy on acount of the water works bond issue of $100,000.

The following is the levy:

One mill for general tax.

One mill for library purposes.

One and a half mills for water bond sinking fund.

Two and a half mills for water bond interest fund.

One-half mill for paving sinking fund.

One-half mill for paving interest fund.

The personal assessed valuation of the city is $614,274 and the real assessed valuation is $1 132,485, and adding the merchants' valuation of $100,183, make a total valuation of $1,846,942. The valuation of the railroads is $39,970, but the tax is collected by the county and the city receives their share.

The general tax levy was decreased from 4 mills to 1 mill. This was done as it is thought the receipts from the municipal water plant will make up the difference. Last year's levy included 1 mill for library purposes, 1 mill for paving sinking fund, 1 mill for paving interest fund, 1 mill for sewer interest fund, 1 mill for sewer sinking fund and 4 mills for general purposes.

As the sewer bonds have been paid off, the levy is taken off for this purpose. The paving bond issue is now only $5 500 and is not payable until 1921. In the paving sinking fund there is $1,562.79 and in the paving interest fund there is $3,926.16. After the interest is paid off, the balance in the interest fund will go to the sinking fund, making nearly enough to pay off the paving bonds. The levy on this bond issue was decreased.

The 1 mill levy for library purposes will remain the same, as that is sufficient to run the institution.

The water bond interest fund was made 2i mills and the water sinking fund 1½ mills. The interest fund was made more than the sinking fund, as the interest is to be paid each year, while the bonds are not to be taken up except each five years.

A poll tax of $2 on every ablebodied male person in the city between the ages of 21 and 50 was ordered by the council. The tax can be worked out on the streets and alleys of the city by two days labor of 8 hours each. The tax is payable to the street commisioner and will be used for road purposes.

CRAWFORD AS CITY ATTORNEY.

Martin, Anthony and Swinehart on Library Board—Other Business Transacted by the Council.

W. H. Crawford of the law firm of Sayler & Crawford, was appointed by Mayor Robey as city attorney to succeed W. E. Wiles, who has moved to Cherokee, Okla. The appointment was confirmed by the council and was made for a term up to May, 1914.

Dr. F. M. Martin, Dr. F. R. Anthony and Prof. H. P. Swinehart of the Normal were appointed on the library board by Mayor Robey. Dr. Martin and Dr. Anthony succeed themselves, While Prof Swinehart succeeds Rev. Father Neimann, who was unable to serve longer. These appointments were confirmed by the council. The other members of the library board are R. L. McDougal, J. F Hull, G. B. Roseberry, W. C. VanCleve and Prof. C. A Hawkins

J. W. Armstrong was selected as city weighmaster until May, 1914. The selection was approved by the council. Jim Middleton was chosen for street cleaner for one month and this appointment was also confirmed.

A remonstrance petition was presented to the council against the paving of the alley between Fourth and Fifth and Main and Market streets. If all of the signers are property owners, the petition is sufficient to knock out paving of that alley.

Another remonstrance petition presented was against the paving of Market street for two blocks between First and Third. It is thought there are enough legal signers to the petition to knock out this improvement.

An ordinance adopted by the council Friday night was in regard to hitching to awning posts, shade trees or white way posts in the business section. Any one guilty of hitching a horse, mule or ass to a shade tree, awning or white way post will be guilty of a misdemeanor and the penalty will be a fine of not less than $1 and not more than $20.

COMMISSION WENT OVER ROAD.

Ravenwood, Clyde and Conception Were Visited—They Will Go to Darlington Thursday.

The county highway commission, composed of John Clary, E. H. Bainum and S. H. Conlin, inspected the roads that entered for the county seat highway from Maryville to Albany. They went over the road from this city to Ravenwood and then on to Sweet Home and the state line. The Gentry county commisison favors this road. The commission then took the Clyde road to Clyde, went past the convent and on to Conception. They then went to Conception Junction, east to Clyde, and took the bottom road from Clyde to Ravenwood. Out of Ravenwood, they came to the Gallagher corner, south two miles, east one-half of a mile, south three miles, then west five miles and a mile and a half to Bedison. Out of Bedison, they came two miles west and passed the Carr bridge over the 102 river and came home over the bottoms to the city.

The commission did not make any decision in regard to the road they will select. They find the road in certain parts in a very bad condition.

The commission will start out again on Monday to view some of the roads entered for the Grant City highway.

On Thursday, the commission will go to Darlington, where they will meet the Worth county commission and also the Gentry county commission. At this time, probably the road to Grant City and also to Albany will be selected.

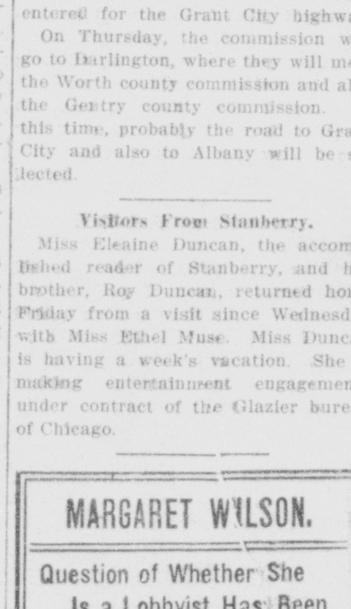
MARGARET WILSON.

Question of Whether She Is a Lobbyist Has Been Raised In Washington.



© by American Press Association.

President Wilson's daughter has promised to use her influence to have the property of the Naval home in Washington converted into a public playground. That was asserted by Richard Campion, tariff expert, to constitute lobbying, the offense assailed by the president as pernicious when manufacturers were seeking the ear of members of congress to give their views on the Underwood schedules. "But," he adds, "I think she is justified and hope she succeeds—we all do."

N. STURM IN BANK

WELL KNOWN BUSINESS MAN GOES TO FARMERS TRUST CO.

TAKES PLACE JULY 1ST.

Strong Acquisition By Reorganized Company—He Has Wide Acquaintance of 30 Years' Experience.

Mr. Nick Sturm, so long and so favorably known to the people of Maryville and Nodaway county, takes a place on the official staff of the Farmers Trust company, now in course of organization as a successor to the Maryville National bank and the Gillam, Bellows & Pierce loan company, and will assume his duties on July 1st.

Mr. Sturm, though yet a young man, has been a resident of Maryville for over forty years. He was in the mercantile business here for thirty years and built a reputation for honesty, integrity and ability second to no man. At all times he has been in the very forefront of every movement for the advancement, upbuilding and development of this city and county and has always given liberally of his time and money for their accomplishment.

NICK STURM.

Mr. Sturm is a strong man and highly regarded in business circles and will be a valuable acquisition to that already strongly equipped institution.

UNION AFTER $15,000.

That Township Filed With County Court Statement of Proposed Road Work There.

Union township filed a statement with the county court on Friday of the road work that has been done in that township and of the work still to be done. Union some time ago voted $15,000 in bonds and all of the bonds have been issued and the money is now being used in permanent road work there. She still has $15,000 coming from the state, as the state duplicates any amount that a township issued for bonds for road work. That is the reason that the statement was filed with the court. With the court approval, the statement and papers will be sent to the state auditor at Jefferson City and a requisition made on the state treasury for $15,000.

County Surveyor Reese made out the statement of the proposed road work there. The excavations of the roads amount to 51,721 cubic yards and will be used for making fills. It is estimated that it will cost $10,344.20. Then there are 75 concrete culverts at an estimated cost of $5,814. There are also 63 concrete culverts, 4 by 20 feet, estimated at $6,570. There will be 22 concrete culverts, 8 by 20 feet, at an estimated cost of $4,778.50. There will be 6 concrete abutments for steel bridges and it is estimated at $2,223. All told the proposed work will amount to an estimated cost of $29,729.70.

The count at Friday's session appointed George Hartley, H. E. Wright and T. A. Wilderman as commissioners to view premises for a private road as requested by W. A. Edwards. The road runs through the land of W. A. New and Nelson S. Whaley.

The petition for a new road in Grant township was withdrawn by the petitioners.

The court adjourned Friday evening to meet again on June 25 when contracts will be let for several new bridges and the repairing of a bridge.

St. Mary's Sisters Leave.

Sister Hedwige, who is in charge of St. Mary's parish school, and her assistants, Sister Sabina and Sister Isidore, left Friday morning for Atchison, Kan., to spend the summer vacation at Mt. St. Scholastic college there.

WORTH THE MONEY

GENERAL OPINION OF THOSE WHO INSPECTED NEW POSTOFFICE.

WITHOUT MAIL SUNDAY

On Account of Moving From Old to New Building, No Mail Will Be Distributed Sunday.

The people of Maryville are well satisfied with their $90,000 new government building and it is doubtful whether there is a prettier government building anywhere, according to the money that was spent. Many people inspected the building Saturday morning and afternoon and everyone of them went away saying that the building was a beauty and could not be better arranged so far as the public and the clerks are concerned. The clerks will have all of the conveniences that could be asked for. They will have lockers, one for each one, can take a shower bath and many other conveniences.

The postoffice will commence moving this evening. All of the clerks of the office will assist in the work and the hauling will be done by the Shoemaker & Bovard transfer company. Everything in the old building will be taken out and it will probably take the greater part of the night and also Sunday to do this.

The old furniture will be stored in the storage room at the new building. Many pieces of it have been ordered sent to different places in Iowa and Missouri to be used in the postoffices there and it will be shipped Monday. The other furniture will remain in the storage room until further orders of the department at Washington.

While all of the new furniture for the building is not here, there is enough so as to go ahead with the work.

Postmaster Beech announced Saturday that there will be no mail on Sunday for the public, owing to the moving and arranging the furniture at the new building. The building will be opened Monday morning and all will be able to get their mail. All old keys will be turned in on Monday. New keys will be given with each 20 cents deposit.

Madison H. Pearson is to be the janitor of the new building. He was appointed by Postmaster Beech some time ago and the appointment was confirmed by the department at Washington. J. S. Clark will be the fireman-laborer of the new building, he having passed the examination for that position.

The postoffice has been located in the Cox building on the north side of the square for more than 25 years, according to Postmaster Beech. Before that time, it was located in diferent buildings around the city.

Maryville has been after a government building for many years, but when Congressman Charles F. Booher was elected to congress, he with Senator Stone and Senator Warner, worked for an appropriation from the government and they were finally successful in securing a $75,000 appropriation. At the last session of congress, $15,000 more was secured by Congressman Booher for the building here, but President Taft vetoed the appropriation bill. Mr. Booher will probably get that appropriation at this session of congress, making all told an appropriation of $90,000.

Sings in Kansas City.

Miss Marie Jones went to Kansas City Friday, where she takes her vocal study with Mrs. Ella Van Huff on Saturdays and Mondays. Each Sunday she will sing in one of the Episcopal churches of that city. The remainder of the time she will give to her work at the Maryville Conservatory.

Winner of Scholarship.

At the commencement exercises of the State University, held at Columbia on Thursday morning, Winfred Weeden Hawkins, son of Professor and Mrs. C. A. Hawkins of this city, won the university scholarship in Germanic languages. Mr. Hawkins received an A. B. degree.

Went to Meet Daughter.

Judge W. C. Ellison and Mrs. Ellison went to St. Joseph Saturday morning to meet their daughter, Mrs. E. D. Holland of Hot Springs, Ark., who is on her way to Maryville to visit her parents. They will arrive in the city tonight.

Mr. and Mrs. G. M. Campbell and daughter, Miss Ina, went to Bedford Saturday to visit their daughter and sister, Mrs. Derickson, and family.

PARTY HAD GREAT TIME.

White Way Celebration Well Advertised By Boosters Who Made Trip on Friday.

A great time was had Friday by the party that made the trip in automobiles over the west part of the county to advertise the white way celebration in Maryville on Wednesday, June 18. As was printed in Friday's issue, the party visited Clearmont, Burlington Junction, Quitman, Skidmore, Maitland, Graham, Fillmore, Rosendale, Bolckow, Barnard, and Sunnybrook. Mud was encountered near Clearment and considerable trouble was had. The road from Clearmont to the Junction and on to Quitman was also muddy, but from Quitman to Skidmore and on to the other towns that were visited, the roads were very dusty and were in a fine shape.

The glad hand was extended the delegation at each of the towns that were visited and at Graham, the citizens there had a treat in store for the party. Not a thing could be purchased at that town including soft drinks and cigars. At Fillmore, the cigars were passed around by the business men of that town.

A party of Graham men, composed of Robert Groves, John Gex, R. B. Gex, Wood Jones and P. Schmidt, piloted the party from that town to Fillmore, Rosendale, Bolckow, Barnard and Sunnybrook. From Barnard, the boosters went to Sunnybrook, which is four miles east of Graham. At that place there is only one store, and cider and other soft drinks were given to the members of the party.

The trip from Sunnybrook back to Maryville was made by using the road two miles west of Sunnybrook, and then north past the Gex farm, using the old Graham road. This road was in fine condition and many were of the opinion that it was the best road that was gone over on that day.

Mr. and Mrs. F. P. Reuillard and Mr. and Mrs. H. L. Raines, members of the party, stopped for a supper at the home of Mr. and Mrs. R. B. Gex.

There were no accidents, but a few had tire trouble. Paul Sisson had seven punctures, George Wilfley and Dr. Jesse Miller also had tire troubles. In going up a hill out of Fillmore, George Kemp ran into John Sewell's car, but outside of breaking a lamp on Kemp's car and the tail light on Sewell's car, on damage was done. The accident was unavoidable, so the parties said.

At each town, the band played a number of selections and bills and other advertising matter were distributed. The other towns in the county will be visited some time next week.

IS A GOOD ROAD.

A Fine Stretch of Road Four Miles Long From the Casey Corner—Are Busily Working this Road.

There is a fine stretch of road of four miles from the Casey corner, which is six miles due east of Maryville on the state road. This road goes two miles north of Casey corner and then two miles east to the Moore school house. The road has been called the Saints By-way, and the markings are pink and white. The signs are being painted now and will be put up soon.

The delegation from Maryville that will go to Harmony Sunday are requested to use this road, as it is the best route to the Harmony church. From the Moore school house, it is only one mile to the Harmony church and the ridge road is used.

Has a Buick.

Thomas Farrell of near Orrsburg purchased a new five-passenger Buick automobile of Mutti & Brown of Hopkins.

Announce Birth of Son.

Mr. and Mrs. Harry Farrar, living north of Maryville, announce the birth of a son, Thursday, June 5.

Visiting in St. Joseph.

Miss Anna Bainum went to St. Joseph Friday evening to visit Miss Helen Ardery.

Miss Beatrice McGrew returned from Barnard Friday, where she had been visiting at the home of her cousin, Charles McGrew, six miles west of Barnard.

Misses Louise and Margaret McCann of Clyde were in Maryville Friday morning and went to St. Joseph to spend the day shopping.

Mrs. Noah Jennings of Kansas City, who has been visiting her brother, G. L. Allen, and family and other friends, has returned home.

Social Opening for Convention.

The Ladies' Aid Society of the Buchanan Street Methodist church held a meeting in the church parlors Friday afternoon, presided over by the president, Mrs. J. H. Thorp. The society decided to have a social event for the opening of the District Epworth League convention, which convenes with this church the evening of June 18 and holds until Friday evening, June 20. The ladies decided to give an ice cream social on the lawn of J. H. Thorp, South Buchanan street, Wednesday afternoon and evening of June 18, which will enable the delegates to become acquainted with our people upon their arrival, which will be throughout the day. It will be the day of the great white way opening, but the ladies are not thinking that event will detract from the interest in the convention and its opening event.

Surprise Birthday Party.

The neighbors and friends of Mrs. C. A. Loch, living one mile and a half northwest of Pickering, gave a happy surprise Thursday night to celebrate her 45th birthday anniversary. The self-invited guests brought strawberries and cake with them and a delicious luncheon was served. Violin and piano music was given by Mr. Joseph Everhart and his daughters, Misses Christel and Beulah Everhart to the delight of all. Married at Sunrise.

A pretty wedding took place Saturday morning at the home of the Rev. Father Henry F. Niemann, pastor of St. Patrick's Catholic church, when Charlotte Lucilla Murrin and George Ralph Cornelius were united in marriage. The ceremony was performed at sunrise in the presence of the bride's parents, Mr. and Mrs. John Murrin, Miss Bess DeArmond, and the attendants, Miss Margaret O'Donnell and Mr. John Owen Murrin of Atchison, Kan., an only brother of the bride. Immediately after the ceremony the party went to the Murrin home, 322 East Sixth street, where a four-course wedding breakfast was served by Mrs. Murrin, who was assisted by the bride's most intimate friend, Miss Bess DeArmond. The bride was charming in her wedding gown of white point liere lace over white messaline, trimmed in chiffon roses with pearl hearts. She wore a lace bridal cap of white point liere and carried a shower bouquet of Marchelneil roses, in which lillies of the valley were knotted with small white ribbons, and all held by loops of chiffon and lace. Her going-away suit was of black serge silk, with trimmings of green, and she wore hat and gloves to match. Mr. Cornelius and his bride left on the early Wabash train for a few days' honeymoon visit to a brother and sister of Mr. Cornelius in Omaha and Sioux City. They will be at home in Des Moines, Ia., after June 15. Mr. Cornelius is a traveling representative for the California Fruit Company at Omaha. Mrs. Cornelius is one of Maryville's most accomplished and popular girls. The best wishes of many friends, both old and young, will follow her to her new home.

Met at Country Home.

The Women's Missionary Society of the First Baptist church was delightfully entertained Friday afternoon by Mrs. H. W. Hull, at her home two miles north of Maryville. It was the regular monthly meeting of the society. The devotional service and program were led by the president, Mrs. Eugene Ogden. The text for the devotional service was taken from Matthew 9:38. After the opening song the prayer was led by Mrs. Flora Quinn. "Mormonism" was the subject for the afternoon's study. Three very excellent papers were given the first by Mrs. Anderson Craig on "Why Do Women Remain in Mormonism;" the second, "How Mormons Proselyte," by Mrs. Omar Catterson, and the third, "Mormons in Politics," by Miss Myra Hull. A synopsis of a most touching and interesting story as told by a Mormon girl of her life, was given by Miss Orrell Helwig. An instructive sketch of her visit to Salt Lake City was presented by Miss Ada Albert which included the inspection of the Mormon tabernacle and other of their buildings and how strangers are received and conducted with impressive courtesy by those placed in charge of the buildings for that purpose. The closing prayer was led by the president. A delightful social hour followed. There were twenty-one members present and thirteen visitors, to whom was served a most delicious luncheon of fresh picked strawberries with rich yellow cream, home-made cake, and real ice cream. The hostess was assisted in serving by her daughter, Miss Myra Hull, Miss Hazel Everhart and Mrs. M. D. Kemp. The visitors were Mrs. W. T. Ramsey, Mrs. M. D. Kemp, Mrs Halbert Catterson, Mrs. Clara Stewart, Miss Orrell Helwig, Mrs. J. F. Cook, Miss Myra Hull Miss Lois Johnson, Miss Hazel Everhart, Miss Helen Kemp, Mr. and Mrs. Dan W. Jones and H. W. Hull.

A Lady's Comment On Medicine and Religion

The following letter is from a lady whose name I am not at liberty to use. If I should mention her name she would be known by almost every reader. She writes in part:

Dr. S. B. Hartman, Columbus, Ohio:

"Your article entitled 'Medicine and Religion' has been read and re-read by me many times. It seems to me that the article contains the substance of all that has been said about Christian Science, new thought, suggestive therapeutics and other forms of mental healing.

"I am very much pleased to observe that you are putting out into the world such useful literature. It will do untold good, without doubt; not only for those who take medicine, but for those who try to get along without taking medicine. Your article is terse, to the point, and will be read by thousands.

"Medicine and religion have always been very closely associated. Only in very recent years have the two been regarded as separate professions. I am glad you brought this out so clearly. The tendency of to-day is strongly in the direction of medicine and religion coming back together again. With your immense facilities for spreading useful information I am sure you will greatly assist the progress of the times in sending out broadcast such articles. I want you to know that your efforts are appreciated.

"As to Peruna, I have nothing to say. I very seldom make use of any medicine. But I assure you that your article has so enthused me with the good advice it contains that if I have any need for medicine I shall certainly buy a bottle of Peruna. I shall not neglect to recommend it to others also." PERUNA SOLD AT ALL DRUG STORES.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

ASK PROTECTION FROM MEXICANS

Three Hundred Americans Wire Appeal to Wilson.

ASK FOR IMMEDIATE ACTION.

"After Death It Will Be Too Late," Reads Urgent Message to President. Subjected to Slights, Indignities and Gross Abuse.

Tampico, Mex., June 7.—Three hundred Americans located in southern Tamaulipal, representing sixty-eight families, have demanded in a long message to President Wilson, sent through Consul Miller here, to know "once for all" whether they can expect protection from their home government since they "do not desire to take measures for our own safety which would embarrass our government without giving due notice beforehand."

The message of the Americans was transmitted by wireless through Consul Miller to W. W. Canada, the American consul at Vera Cruz, to be forwarded to Washington. It says in part: "Having been left without any protection whatever on the part of both sides of the pending controversy, therefore, we can look for protection from our own country. We must know, once for all, if we can expect the same.

"Having been subjected to slights and a great variety of indignities and gross abuse in the last few days, the situation calls for most serious preparations for our personal safety and the defense of our families and our interests. Therefore, we have assembled to consider the best way. We consider protection necessary now, since after death it will be of no use."

The message declares in addition that the petitioners have borne financial losses silently, but that many of them cannot obey the advice to "get away if in danger," as their departure would mean the abandonment of the accumulation of a lifetime.

"We consider the lives of ourselves and our families in danger," the message continues. "It is no longer doubtful that the slightest spark will bring on the dread conflagration at any moment."

American Refugees En Route Home.

Washington, June 7.—The steamer Mexicano, chartered by the American Red Cross, arrived at Vera Cruz, Mexico, and will leave for Galveston in a day or two with about 200 American refugees. The Red Cross sent Charles Jenkinson to Vera Cruz to arrange for their departure. These Americans were made destitute by enforced idleness, due to the suspension of business by the long continued disorder in Mexico.

WOOD JURORS STILL OUT

Offer of $200 and Life Job Made to One, He Tells Court.

Boston, June 7.—The jury in the dynamite "planting" conspiracy case, which grew out of the Lawrence textile strike, is still deliberating on the question of the guilt of the three alleged conspirators—William W. Wood, leged conspirators—William M. Wood, company; Frederick E. Atteaux and Dennis J. Collins.

Just before court opened one of the jurors, Morris Shuman, told Judge Crosby that he had been approached with an offer of $200 and a life position if he would agree to vote as directed. It is said the man who approached him would not say for whom he was acting.

Shuman thought that he could identify the man and expressed the opinion that he could reach a decision on the evidence without being influenced by the alleged offer. He was allowed to enter the box with his eleven fellows.

SEEKING MEANS TO CUT OUT NEEDLESS NOISE.

Chicago, June 7.—Five aldermen started out to trail down fifty-seven varieties of needless racket which they found constitute the Chicago din. They are members of the noise committee of the council and each accepted an assignment to investigate a list of noise producers, study them and endeavor to find means of wiping them out or reducing them to a minimum.

Twenty Days for Laughing at Judge.

Trenton, N. J., June 7.—Hannah Silverman, seventeen years old, a Paterson silk striker, who was sentenced to twenty days in jail for contempt of court, has applied to the state supreme court for a review of her sentence. It is alleged, while in court during a hearing of arrested strikers, Miss Silverman laughed at the judge and she was sentenced for contempt.

Convicted of Assault on Reporter.

New York, June 7.—David Dows, a wealthy iron manufacturer, was convicted of assault upon Alva Johnston, a New York newspaper reporter, who made a recent midnight call at his house to get an interview. Dows and his butler threw a blanket over the reporter's head and dumped him in the back yard.

JAPAN RAISES A NEW POINT

Note Says Anti-Alien Act Violates Fourteenth Amendment.

Tokyo, June 7.—The rejoinder of Japan to the United States' note on the subject of the California alien land ownership legislation reiterates that the land bill passed by the California legislature vacates the spirit of the Japanese-American treaty by discriminating against a friendly power.

It points out that even if the question is an economic one, it enters the domain of international relations and therefore becomes a political question.

The note says the California land legislation violates article 1 of the Japanese-American treaty of 1911, which authorizes subjects or citizens of the contracting parties to own or lease houses which are inseparable parts of real estate.

It also declares that the new bill violates the fourteenth amendment to the United States constitution, requiring states to grant equal protection under its laws to all persons within its jurisdiction.

Interest in the Japanese-American land ownership controversy is unabated in Japan and continues to be the paramount topic of conversation among all classes. Several mass meetings of protests are being arranged.

Tatsue Yamamoto, minister of agriculture and commerce, in a statement, declares that the Japanese government is desirous of participating in the Panama-Pacific exposition at San Francisco, but owing to the unpopular feeling in the land question it feels obliged to wait, in order to determine public sentiment toward the exposition before proceeding further with its plans.

The Japanese government has postponed its reply to Secretary of State Bryan's proposed plan of international arbitration, which it is understood is being favorably considered by the nations.

DUN'S TRADE REVIEW FOR THE WEEK

Seasonable Weather Favorably Affects Retail Distribution.

New York, June 7.—Dun's Weekly Review of Trade says: More seasonable weather has had a favorable effect on retail distribution throughout the country and while a slight recession in wholesale business is apparent in some sections of the west, reports from several centers show trade to be more active than a year ago. Needed rains have greatly benefited the crops in the southwest. New business in iron and steel still falls short of prediction, but the mills have plenty of orders on hand and it is expected that buying will be resumed before these become exhausted. Cotton goods are in good demand, although buyers are still operating conservatively, woolen mills have reduced activity because of tariff uncertainty and silk mills on account of stocks, but stocks in all branches of the textile trade are abnormally low, which will favor a prompt resumption of full time operations as soon as the present restraining influences are removed.

Railroad gross earnings for four weeks in May increased 7.8 per cent.

Big Shortage Closes Bank.

Caruthersville, Mo., June 7.—The Pemiscot County bank has closed its doors and now is in the hands of the state bank commissioner, as the result of the discovery of an alleged short ago, which, according to John H. Cunningham, president, is at least $200,000 and may reach $250,000.

Law Forbids Poisoning Hoppers.

Washington, June 7.—Harris E. Smith, the agricultural department's entomological expert to aid in the fight against a grasshopper invasion in New Mexico, reported that a state law prohibiting the spreading of poison is delaying efforts to exterminate the pests.

LOBBY INQUIRY TAKES NEW TURN

Influence Exerted by President is Declared Undue.

COMMITTEE IS CRITICISED

Townsend Says Senators Will Vote Against Judgment Because of Fear of Administration—Members Who Have Testified May Be Recalled.

Washington, June 7.—Senator Townsend told the lobby committee he believed the nearest approach to undue influence was the "influence exerted by the president by the use and powers of the party secret caucus."

"I am convinced," he said, "that some senators will vote in favor of the tariff bill and against amendments they believe in because of the fear of antagonizing what is known as the power and influence of the administration."

Senator Townsend added he believed the lobby investigating committee had not tried to find what influence President Wilson had exerted on senators. The committee unanimously decided "in view of the serious statement made touching the executive" that any senator who has heretofore testified could be recalled and asked as to any influence President Wilson had exerted with him.

Real Lobby in Colorado.

Further evidence of organized efforts of anti-free sugar forces to bring pressure to bear upon western Democratic senators and congressmen to align them against President Wilson's free sugar plan were given the senate lobby committee by Senator Thomas of Colorado, a member of the finance committee.

He produced hundreds of telegrams and scores of documents, letters, pamphlets and newspaper clippings which he believed showed an organized attempt to manufacture public sentiment in Colorado which would affect the action of its senators and representatives. He gave the names of many Colorado towns from which scores of similar telegrams and letters had come, and said he had been informed by some of the signers that they were practically forced to attach their names, because of financial obligations to persons directing the movement.

The investigating committee showed a disposition to go to the bottom of some newspaper articles that Senator Thomas furnished and learn what forces were at work circulating news on the sugar fight. Senator Thomas said he knew the beet sugar interests long had maintained headquarters at Washington. The campaign from Colorado, he declared, was evidently directed and financed by interests that would be affected by the tariff bill, but had conducted it in an anonymous manner, so he did not know the real force behind it.

VICE INQUIRY IS RESUMED

Illinois Commission Hears About Wages Paid Married Men.

Chicago, June 7.—Three, and sometimes four, members of the Illinois senatorial vice commission sweltered through two sessions here seeking light on minimum wages paid married men, and the relation of this wage to immorality among women.

The inquiry was directed to show that where the head of a family earns a small wage his daughter or daughters are forced to seek employment where they are more open to evil advances than when cloistered at home.

The bankers, for the most part, said they do not employ married men earning less than $1,000 a year.

Among the merchants the practice is not to hire married men who are not capable of earning at least $12 a week. Joseph Bashe and others declared that thrifty families save money on such a wage.

DISCUSS PAPER SCHEDULE

Senate Subcommittee Considers Retaliatory Duty Clause.

Washington, June 7.—For several hours the senate finance subcommittee, of which Senator Johnson of Maine is chairman, discussed the paper schedule of the Underwood tariff bill, and it is reported that an amendment to put a retaliatory duty against Canada on print paper valued at not more than two and one-half cent a pound is being seriously considered.

Professor Taft Visiting at Capital.

Washington, June 7.—Professor William H. Taft, private citizen, arrived for a visit in the capital in which he once ruled as the first citizen of the land. He will spend several days as the guest of Mr. and Mrs. W. J. Boardman. Among former President Taft's engagements today, while here attending [illegible] meeting of the Lincoln memorial commission, will be luncheon at the White House with the president and Mrs. Wilson. It will be the first visit of Mr. Taft to the White House since he left the presidency.

TREATY RENEWALS STILL HELD UP

Senate Again Fails to Ratify Extension of Agreements.

Washington, June 7.—The principle of compulsory arbitration written into the code that has bound the United States with twenty-four greater or lesser nations of the world for the last five years is in serious danger, and unless there is a decided change in sentiment in the senate, the renewal of twenty-three of the trieaties which gave concrete evidence of this nation's belief in such a policy, may be impossible. In executive session the senate again failed to ratify renewals of the arbitration agreements with Great Britain, Italy and Spain which recently expired. These conventions provide that questions relating to the interpretation of treaties, excepting those that cannot be settled through diplomatic channels or those of vital interest, national honor or independence, shall be submitted to The Hague.

The main argument arose over the contention that if the treaty with Great Britain is ratified the Panama canal tolls question would have to be submitted to The Hague, but during the discussion the Japanese question and the general attitude of the nation toward compulsory arbitration was brought up and led to the expression of views utterly at variance with entrance into such binding agreements in the future.

TOBACCO AND OIL TRUSTS NOT 'BUSTED'

Stock of Disintegrated Parts Under Same Control as Before.

Washington, June 6.—Neither the Standard Oil nor the tobacco trust has been actually dissolved to meet the requirements of the Sherman law, according to the views of Attorney General McReynolds.

When this became known it was taken as a forecast of possible further action against the oil as well as the tobacco interests if the results of the investigation just completed by the department of justice of the workings of the oil dissolution decrees indicate that there is a problem which can still be dealt with under the Sherman law. The attorney general's complaint is not against the Sherman law, but against the decrees of dissolution interpreting the decisions of the United States supreme court.

He is firmly convinced that no trust, in these two cases, can be adequately dissolved by a pro rata distribution of the stock of its disintegrated parts among the same stockholders who controlled the original combination.

While each combination must be dealt with as a separate problem, officials point out that experience indicates that dissolutions of the future must be such that the control of disintegrated trusts will pass into new hands.

Ames this year graduates the largest class in the history of an Iowa school. Two hundred and ninety-eight receive degrees and diplomas. Eighty per cent of the graduates in the division of agriculture will go back on Iowa farms, and a large proportion of the remainder will teach agriculture.

PRESIDENT WILSON AT CAPITOL AGAIN

Makes Fifth Trip to Discuss Diplomatic Appointments.

Washington, June 6.—President Wilson appeared unexpectedly at the president's room at the capitol with a big list of diplomatic selections.

It was the president's fifth visit to the halls of congress, but this time he found the door of the room locked, the senate having adjourned.

"I guess I'll have to get a duplicate key for this door," said the president, smilingly, as the sergeant-at-arms hastily dispatched a messenger boy for the key. Hardly any senators were in the building, but Secretary Tumulty soon sent out a call for about twenty of them and they came in quickly.

While the president has not definitely fixed on some of the countries to which he will make diplomatic appointments, he has chosen the men who will get the posts and about these he consulted Republican as well as Democratic senators.

EX-CONFEDERATE PENSION ACT.

$30,000 Appropriated From General Revenue Fund to Provide Pensions.

The Democrat-Forum has been asked several times in regard to the appropriation made by the last legislature for the payment of pensions to ex-Confederate soldiers, and for the benefit of these and others who may be interested, we herewith publish the act.

Adjutant General O'Meara of Jefferson City has in charge the administration of this law, and all correspondence in relation to this measure should be addressed to him.

Section 1. Who may become pensioners.—That on satisfactory proof being furnished to the adjutant general of the state by any ex-Confederate soldier who enlisted in the Confederate army or in what is commonly called the Jackson state militia, that he served in such service for a period of not less than six months, and was honorably discharged therefrom, and that on account of wounds received, disease contracted, from personal injury, or from old age he is incapacitated to labor, and has no business or profession or property from which he derives an income, and no means sufficient for his support, and who has resided in the state two years prior to the passage of this act, his name shall be enrolled by the adjutant general on the state ex-Confederate pension roll.

Sec. 2. Adjutant general to furnish blanks—proof—fees. The adjutant general shall prepare blank forms for the purpose required in the foregoing sections and furnish the same on application by any ex-Confederate soldier. He shall prescribe the character of such proof and the manner of taking and certifying the same, and the attorney fees or other fees to be charged.

Sec. 3. Appropriation, printing.—The sum of $400 is hereby appropriated out of the general revenue fund for the purpose of printing and furnishing blanks, rules and regulations provided for by section 2 of this act.

Sec. 4. Persons aggreived by the decision of the adjutant general denying his enrollment as a pensioner under the provisions of this act may appeal to the board of review, which shall consist of the attorney general, the secretary of state and the state treasurer. The board shall sit at Jefferson City in the office of the attorney general, or in such other places as it may select at such times as it may deem necessary, and its decision shall be final, and no evidence other than that filed with the state auditor shall be heard or considered by the board.

Sec. 5. Pensioner to receive ten dollars per month—inmates of homes not eligible. Every ex-Confederate soldier when enrolled upon the state ex-Confederate pension roll shall receive from the adjutant general a certificate of this enrollment and shall be entitled to receive from the state a pension of ten dollars per month from and after the date of his enrollment, payable quarterly on the warrant of the state auditor; provided, however, that no person who is an inmate of the Confederate home at Higginsville, or any other Confederate home are not entitled to receive a pension under this act.

Sec. 6. Adjutant general to furnish state auditor with pension roll.—The adjutant general shall furnish the state auditor from time to time certified copies of the pension roll, giving the name, age and place of residence of each pensioner.

Sec. 7. Auditor to have proof of identity of pensioner.—Before the state auditor shall issue a pension warrant under the provisions of this act he shall require proof of the identity of the pensioner applying for the warrant, and proof that he is in possession of a proper certificate. Blank forms for such proof shall be prepared by the state auditor and furnished to each pensioner at least ten days before each quarterly payment.

Sec. 8. Adjutant general to make report to general assembly.—The adjutant general shall furnish to the general assembly at each of its biennial meetings the name and number of pensioners enrolled by him under the provisions of this act, and also the number enrolled who have died since his last report.

Sec. 9. Appropriation.—The sum of $30,000 is hereby appropriated out of the general revenue fund for the payment of ex-Confederate pensions under the provisions of this act.

Approved April 23, 1913.

WORRY FILLS THE ASYLUMS

Forty Per Cent. of the Insanity Cases Are Attributed to It by Alienists.

An eastern alienist told the Mental Hygiene society that if worry could be eliminated the number of our insane would be decreased by 40 per cent. His assertion is corroborated by other experts.

The diagnosis, one sees, is delightfully simple, but the remedy is hard to apply. Worry is of two sorts—that which comes from within and that which is imposed from without. The nervous specialist treats the first and mental suggestion succeeds in a certain proportion of cases. As for the worry incident to our mad scramble to survive, the doctors we look to in that case are the ecoonmists and the sociologists. The problem of the nerve specialist is not an easy one, but it looks almost simple when compared with the problem of the economists. Both sets of doctors are making headway, and at present we may look for much improvement in our insanity statistics.? So let us not worry about worry, but work to remove its causes. —Chicago Record-Herald.

Turkish Slaves.

Abdul Hamid's view that the slave in a Turkish household is much better off than a servant girl is fully supported by Mr. Duckett Ferriman in "Turkey and the Turks." The chief points urged are that the owner is responsible for the slave's maintenance and cannot turn her adrift, that she is treated as one of the family, has light duties, and is taught accomplishments, and that she has chances of a rich marriage. An Englishwoman, governess and companion in a house on the Bosphorus, was asked by some English visitors who were the charmingly dressed girls they saw. "Servants," she said, meaning to spare the girls' feelings. But when the visitors had gone the girls bitterly reproached her for "shaming" them. "You are a servant. You are paid, we are not. We are slaves, not servants. Why did you tell a falsehood to shame us?"

Language Intricacies.

Richard Grant White in his "Words and Their Uses," says. "Transpire means to breathe through, and so to pass off insensibly. The identical word exists in French, in which language it is equivalent of our perspire, which also means to breathe through, and so to pass off insensibly. The Frenchman says J'ai beaucoup transpire (I have much perspired)—in fact, transpire and perspire are etymologically as near perfect synonyms as the nature of language permits; the latter, however, has by common consent been set apart in English to express the passage of a watery secretion through the skin, while the former is properly used only in a figurative sense to express the passage of knowledge from a limited circle to publicity."

Lace Designs From Spider Webs.

Missionaries in Paraguay more than 200 years ago taught the native Indians to make lace by hand. Since that day the art has greatly developed, and in certain of the towns lace making is the chief occupation. Almost all the women, many children, and not a few men are engaged in this industry.

A curious fact with reference to the Paraguayan laces is that the designs were borrowed from the strange webs woven by the semi-tropical spiders that abound in that country. Accordingly this lace is by the natives called nanduti, which means "spider web."—Harper's Weekly.

Somewhat Risky Bet.

The "funeral" at Zenta of a man named Peter Hirti provided a sensation. The cortege was approaching the cemetery, when the lid of the coffin was forced off and Peter Hirti, alive and well, stepped out of the hearse on the road. On seeing him the mourners were seized with panic. When the excitement subsided Peter Hirti related that he had made a bet he could feign death and keep up the deception until the coffin in which he was placed was taken to the cemetery. The want of air compelled him to force the coffin lid before the cemetery was reached, and he therefore lost the bet.

Why He Was Suspicious.

Two friends, a Welshman and a Scotchman, happened to be lunching together recently in a restaurant. The latter kept looking around to see that his hat and coat remained still on the peg where he had left them.

"You are a suspicious chap," said his friend at last. "Who do you think is going to walk in here and steal our coats?" "Can't say," replied Scotty, "but I'll take good care nobody gets mine; yours went ten minutes ago."

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs.

I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron." This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Thedford's."

Mrs. H. Westcott and daughter, Miss Bessie, of Fillmore, who have been visiting Mrs. Westcott's sister, Mrs. Anna Bennett, returned home Friday morning.

Mrs. J. T. Linville went to St. Joseph Friday morning to visit her daughters, Mrs. Charles Awalt and Mrs. Earl Fisher.
